The Lamont font family translates the taper character of the typeface from 1840 a slab in a modern, new and unique design. The font, despite the open and wide basic form, with its tight tracking, is intended to be space saving, yet still highly legible, even in small sizes. Lamont is an elegant type family with 8 weights including plenty of ligatures, true smalls caps for many languages and 5 different number sets. This makes the font versatile and perfectly useable for many applications and design tasks.

Lamont is an elegant type family with 8 weights including plenty of ligatures, true smalls caps for many languages and 5 different number sets. This makes the font versatile and perfectly useable for many applications and design tasks.

Die Schriftfamilie Lamont überträgt den Charakter der Keilschrift eines Grabes von 1840 in eine moderne, eigenständige und unverwechselbare Form. Trotz der offenen und weiten Grundform ist die Schrift mit einer geringen Laufweite platzsparend und dennoch gut lesbar – auch in kleinen Größen. Lamont ist eine elegante Schriftfamilie in 8 Schnitten, die jeweils mit vielen Ligaturen, echten Kapitälchen für viele Sprachen, 5 unterschiedlichen Ziffersätzen umfangreich ausgestattet ist und so einen vielseitigen Einsatz ermöglicht.
